

Introducing **The Shadow**

AVAILABLE EARLY 2009

Cobra Firearms Introduces The NEW COBRA .38 Special Revolver

Cobra Enterprises of Utah, Inc. introduces their newest addition to the Cobra Family of handguns - *The Shadow* – Model S38 Revolver. *The Shadow* is a small “J” frame ultra lightweight revolver chambered for .38 Special with +P capability.

Our new *Shadow* series is available in three finishes; Titanium Anodized, Black Anodized and Pink Anodized and comes standard with black rubber grips. Optional grips will be available in Rosewood and Ebonywood.

These revolvers feature an enclosed hammer and are double action-only with a 1 7/8” barrel. They hold 5 rounds and are 6 1/2” long, 4 1/4” high and is 1 5/16” thick. The S38 weighs only 15oz empty. The cylinder and the barrel are made from stainless steel and the frame is aluminum alloy.

Personal protection is no longer a choice, it is a must! The .38 Special +P punch coupled with an ultra lightweight hammerless design offers you everything you’re looking for in one small package.

Cobra Enterprises is dedicated to offering firearms that are effective and affordable. The new Cobra *Shadow* , Model S38, is top of the line quality at an affordable price.

All of Cobra firearms are 100% MADE IN THE U.S.A. and come with a factory direct lifetime warranty.
